

**Consent Decree
Summary Progress Report
Calendar Year 2017**

**CONSENT DECREE
SUMMARY OF PROGRESS REPORT
FOR CALENDAR YEAR 2017**

On February 19, 2013, a settlement was entered into between certain affiliates of Transocean (“Transocean”) and the US Department of Justice (“DOJ”) relating to the 2010 Macondo incident. An important part of that settlement is a detailed Consent Decree that describes the terms of the civil settlement and includes the imposition of specific obligations on Transocean for a period of five years from the effective date of the related Performance Plan.

One obligation under this settlement is for Transocean to create a public web site per Section 21.b that contains certain information, including annually providing a “Summary of Progress Report” on Transocean’s compliance with the Consent Decree. This document meets the obligation and will be updated on an annual basis.

For 2017 purposes, reference is made to the 2017 Consent Decree Annual Report, which provides significant detail for each obligation under the Performance Plan, quarter-by-quarter, organized as follows:

- Obligation
- Measures Taken
- Status and Summary (if required)
- Completion of Milestones
- Problems Encountered
- Other

In summary, throughout 2017, Transocean continued its focus on compliance with the Consent Decree and Performance Plan obligations through its team of professionals, the “Obligations Team,” led by Transocean’s Sr. Regulatory Compliance Manager. During 2017, processes were in place to monitor compliance and provide reporting capabilities. A close working relationship has been established between the Obligations Team and key members of business functions throughout the company, including Operations, Training, Subsea Engineering and Health, Safety and Environmental.

Additionally, the Obligations Team has maintained frequent and transparent contact with the Consent Decree Independent Auditor, Process Safety Consultant and United States representatives assigned to follow and ensure Transocean compliance.

Transocean remains fully committed to full compliance with all obligations under the Consent Decree and Performance Plan.
